KOCH M 2006 ROADS TO POST FORDISM LABOUR MARKET AND SOCIAL STRUCTURES IN EUROPE EBOOKS 2019

Author: Cuadernos de Relaciones Laborales

Realese Date: Expected @@expectedReleaseDate@@

KOCH, M. (2006). Roads to Post-Fordism: Labour Market and Social Structures in Europe, Ashgate, Aldershot. Entre las contribuciones mas recientes a los estudios sobre el postfordismo destaca un trabajo recientemente publicado por la editorial Ashgate titulado Roads to Post-Fordism: Labour Market and Social Structures in Europe, cuyo autor es el profesor aleman afincado en Belfast Max Koch. Desde una perspectiva que combina inteligentemente teoria de la regulacion y sociologia, Koch argumenta que la transicion del orden fordista, -caracterizado por el crecimiento economico sostenido y la inclusion social a partir del concepto de ciudadanía laboral- al postfordismo ha conllevado un aumento significativo de las desigualdades y de la exclusion social. No obstante, el autor senala que dicha transicion no ha seguido una misma evolucion en todos los paises europeos, sino que por el contrario las vias de acceso al postfordismo (Roads to Post-Fordism) han conducido a diferentes resultados en diferentes paises. El autor pretende poner en cuestion ciertas concepciones monoliticas sobre los regimenes de regulacion capitalista, y lo hace con abundantes datos empiricos, como se vera a continuacion.
